UFBA Presidents Spend \$12,451 On International Travel

Former UFBA Presidents Brian Hunter and Daryl Forrest, and current Senior Vice President Brian Schmanski charged \$12,451 worth of international travel to the UFBA between August 2002 and December 2003.

Forrest and Hunter spent \$9,131 of this on just two trips, both to Australia in 2002 and 2003 respectively.

As previously noted in "VollyNet Reports", the UFBA has operated a significant budgetary deficit throughout this period, and has had no business plan in place.

"VollyNet Reports" has requested comment from the UFBA, and will report again in more detail tomorrow.
